

Faculty Niche Research Area (FNRA)

- How do cities affect wellbeing?
- How does wellbeing affect cities?

We do it in one of the largest & most vibrant cities on the planet.

香港浸會大學
HONG KONG BAPTIST UNIVERSITY

社會科學院
FACULTY OF SOCIAL SCIENCES

FNRA mapping with University's Interdisciplinary Research Clusters (IRC)

Cities create distinct cultures

*Cities support cultural practices
(transparency, rule of law,
cohesion etc.)*

IRC 1
Creative
Media/
Practice

West Kowloon Cultural District

「若我們未能認清一個危困的未來，
何以有資格說盼望？何以有勇氣去改變？」

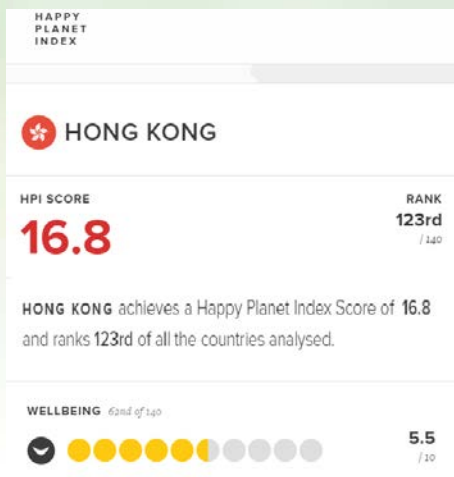

“Ten Years” is a film that touches on the sensitive topic of politics concerning Hong Kong

Cities support wellbeing

IRC 2 Health, and Drug Discovery

City / urban context of wellbeing & health (e.g. psychological, moral, education aspects of wellbeing)

Survey shows HK people are not happy

HK students need better mental health support in schools

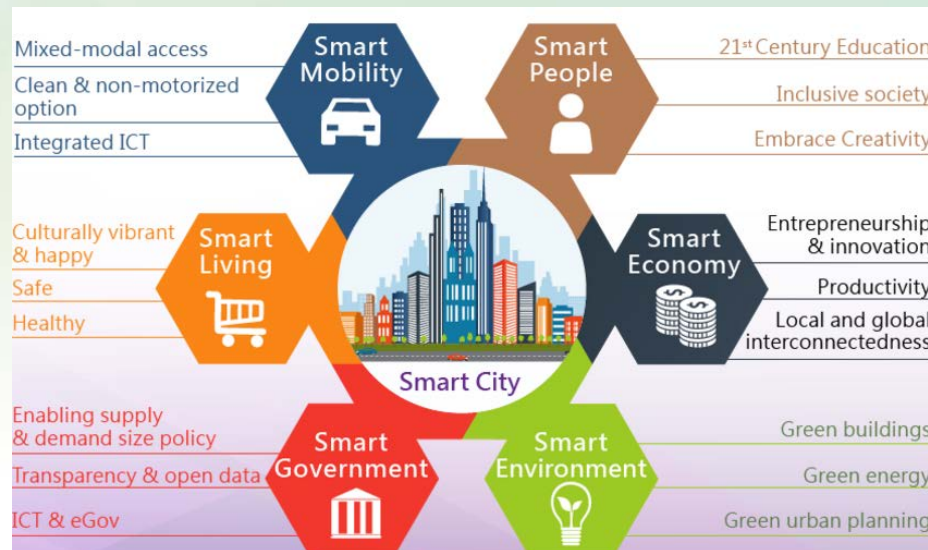

Tai Chi helps elderly to stay healthy

We need AI / Big Data to create better cities

- **Environmental change: poverty, climate, resources, pollution etc.**
- **Smart city**
